DEVELOPING FREEDOM

The Savings Accelerator

www.prolificassets.com

Make your money work for you, faster

For investors who want an impressive return on their investment without tying themselves to a long-term commitment, our Savings Accelerator is the perfect product for you. As leading banks and ISAs continue to underperform in giving you financial security and improving your personal wealth, our scheme allows investors – from inexperienced to established – to benefit from their investments in as little as one year.

Key Benefits

- One of our most straightforward and easy to understand schemes
- Minimum investment term of 1 year
- 6-12% fixed rate return per annum, depending on the investment
- Solicitor-approved loan agreement
- Total transparency allows you to see your investment's performance at any time
- Regular face to face meetings and telephone support

Why should you choose the Savings Accelerator?

The Savings Accelerator is ideal for anyone who wants faster rewards, without dedicating their time to constantly keeping track of their money. From beginner investors who prefer not to wait years for returns, to older investors who do not want to spend further time on long-term investments – it's an all-round adaptable scheme. We do all the legwork for you while keeping you in the loop with clear communication and keeping you well-informed throughout the entire process, using tried and testing methods to bring you great returns.

Depending how much you invest, we offer between 6% and 12% fixed rate returns per annum, compared to the 1% return you'll get from the average ISA and 0.5% from leaving your money with the leading banks. With a significantly larger return than the usual consumer range, it's no wonder investors are choosing this fast track option.

How does it work?

We tailor our services to each client, ensuring that you get the guidance and expertise you need for your particular investment. When you join our network, we'll take the time to get to know you, your investment goals and ambitions. This is also the best time to tell us what excites you most about our property projects, so that we'll have clear idea of your preferences. After this chat, we'll guide you through the formalities of signing a solicitor-approved loan agreement for a pre-agreed amount of capital – there are no unexpected surprises in our process.

Once everything is signed, we'll start using our extensive networks and in-depth industry knowledge to source the best deals out there, giving you the best returns. As your capital is only committed for relatively short-term – only 12 months minimum – you'll get it back after the committed time period ends. Your profits can be used for whatever you wish for, whether for personal pleasure or to invest further in property with us.

Who should go for the Savings Accelerator?

You deserve to make your money work harder for you, while living the lifestyle that you want. We were trained by top property experts who built their own multi-million portfolios in only two decades, and we're here to share our expertise and to help you build your own. You'll have us on call to answer all your questions, and we'll bring you to some of the most exclusive property events in the country. Soon, you'll be an expert property investor in no time. Our multi-disciplinary teams handle all aspects of the property investment process, from Risk Management and Forecasting to handling the Legal process and Finance, so you can leave the details to our experts and your money secured. If financial freedom is one of your main goals with property investing, then the Savings Accelerator is a great option to get you closer to that goal every year, for you and your loved ones.
